EXPOSITION QUEEN WILL BE SELECTED BY POPULAR VOTE

GRAND INAUGURAL BALL AND CROWNING OF QUEEN WILL OCCUR AT THE NUCCES

Directors of the Exposition in Session Friday Awarded Catalog Printing to C. C. Printing Co.

Directors of the Gulf Coast Exposition in session yesterday afternoon awarded to the Corpus Christi Printing Company the contract for the printing of the catalog and program list. C. H. Wallin is the advertising agent for the catalog and is now at work on contracts preparatory to having the book set in press not later than December 15.

The directors decided upon asking the aid of the press of the Texas Coast in the selection of a Queen of the Exposition and furthermore to represent the various towns of this section of the State. The crowning of the queen will occur at the inaugural ball to be given on the evening of January 28 at the Nuces Hotel.

BENTON APPRECIATIVE OF LOCAL ASSISTANCE

Thanks Those Who Assisted in Making Teachers' Convention the Success It Achieved

Not Benton, chairman of the committee in charge of arrangements for the convention of the Texas State Teachers' Association held here one week ago, yesterday issued the following statement:

As chairman of the Educational Committee of the Commercial Club, and for myself personally, I wish to express my thanks and sincere appreciation of the valuable assistance rendered the committee in its efforts to make the recent meeting of the State Teachers' Association a decided success.

Especially would I mention the very acceptable services rendered by the two Societies, the young ladies and young men of the Senior Class, the members of the Junior Teachers' Association, the chairman of various sub-committees, and to the Press of the city for its masterful handling of the proceedings of the Association. As well as for the extensive publicity given in advance of the meeting.

To each individual who in any way contributed to the success of the meeting and for the general spirit of hospitality so noticeable throughout the entire time, by all citizens of Corpus Christi, I must express my sincere gratitude.

Parting for this comment, when I say the kind reception and the cheerful and happy spirit that prevailed among our people has left an impression upon the members of Texas that will cause them to remember us with pleasure for years to come.

I have received probably a hundred letters since the meeting, from teachers of all parts of the State, expressing their pleasure in being with us and hoping they may soon have a repetition of it.

Phone for reservations, we will meet you—Inquire 100. (172)

BITULITHIC PAVING FAVORED BY THIRD STREET RESIDENTS

COUNCIL YESTERDAY RECEIVED PETITION THROUGH CONTRACT ALREADY GIVEN

Ordinance Passed to Protect Merchants From Auction and Fire Sales During Holiday Season

Bitulithic is strongly favored as a material for the paving of Third street, between Elizabeth, according to a petition filed with the City Council yesterday afternoon from a majority of the property owners who may the bills. Those of the petitioners, R. B. Eldon, H. E. Browning and William Shier, had previously petitioned with others for a change paving. Yesterday they asked that their names be taken from the petition, stating that they favor Bitulithic.

Properly owners asking for Bitulithic included W. A. Connor, William Shier, H. E. Browning, H. H. Craig, C. E. Under, E. H. Eldon, Mrs. Henry H. Craig, Miss Nellie Craig, W. R. Morgan, Ed. Thomson, Mrs. Mary Craig, Oliver Cook, Chas. L. Rankin, Mrs. M. P. Craig, O. D. Douglas, W. J. Orsuff, H. A. Eubank, E. H. Miller, Mrs. Deinger, Richard Gordon, J. R. L. Green and J. A. Wood.

Mayor Miller explained that it was necessary as the council several months ago gave a contract for the paving of the street to the Texas Bitulithic Company.

Sanitary Trash Cans. T. H. Loren made application for a permit to place at several points in the business section ornamental trash-cans 24 inches wide by 29 inches high, the sides to be covered with neatly printed and attractive advertisements. Commissioner Collins thought the plan a good one as it would encourage the throwing of built puddles, waste papers and other trash into the cans instead of on the streets and alleys.

Mayor Miller doubted the wisdom of granting the permit, expressing the opinion that the sidewalks should be treated just as much as possible of all encumbrances, saying that if possible he would like to see the telephone and telegraph poles removed and the wires placed underground, including posts on the highway street he cleaned as a souvenir of the time when Corpus Christi was a country town. The application was referred to Commissioners Buchanan and Collins with power to act.

Wanted Fine Remitted. The council refused the application of J. E. Lumbard for the remission of a fine that had been imposed in the Recorder's Court for failure to equip with a light a vehicle that he was driving at night. In the petition Mr. Lumbard said that he thought the ordinance a good one, and that he did not have a light when arrested. He took the position that the penalty is aimed at those who wilfully disobey the ordinance. The council took the position that but few violate the ordinance in a spirit of malice and that practically 99 percent of those who pay fines do so as the result of carelessness in properly placing lights on vehicles.

To Protect Merchants. Under the emergency clause the council passed an ordinance which is aimed at the class of traveling merchants who reach here early in the holiday season and by means of auctions, fire-sales and other schemes dispose of cheap jewelry, wearing apparel and other articles. The ordinance is drawn to protect the merchants who are usually engaged in business and to eliminate the fire-sale business. A penalty of not less than \$10 nor more than \$200 is provided upon conviction of anyone violating the ordinance.

To Secure Fountains. The suggestion was made that as the soda fountains are now serving lunches that they should be secured as the cafes are secured, and prohibition of the same made such month in the Caller. The recommendation was referred to the Health Department.

Attending the session were Mayor Miller, Commissioners Gallagher and Collins, Secretary Mulligan, Engineer Stevens, Chief Powell, Attorney Savage and Purchasing Agent Petty.

WILLIAMSON SUBMARINE PICTURES

Taken Under the Sea

NOTHING LIKE THEM IN ALL THE WORLD

Absolutely the first and only pictures ever taken under the water.

Have thrilled and attracted scientific and educational circles throughout the world. Physics is especially shown in leading Metropolitan theatres everywhere. Authoritatively endorsed by leading magazines, newspapers, scientific, educational bodies.

Every man, woman and child owe it to themselves to see this deep sea photography.

See the wonderful Marine Gardens at the bottom of the sea. See the more astounding with a "Smarter" show!

See the sea-life of the deep! See the best playing games down in the world!

See the brilliant box diving for pearls!

See the beautiful coral gardens! See the most forests and plains of the deep!

See these and a thousand more things that will amaze and thrill you!

City News :::: in Brief

A marriage license was issued yesterday to Feliciana Escamilla and Miss Edna G. Benavides of this city.

Work on the publication of the new telephone directory has started, the Southwestern Telephone Company having given the contract to the Paragon Press. The directory will be ready for distribution about December 20.

Information was received yesterday by Secretary Farris of the Gulf Coast Exposition that a fare of seventy cents will be in effect from all points on the San Antonio and Aransas Base Rail-way for the Gulf Coast Exposition to be held January 18, 20, 21 and 22. The other three fares that enter the city have promised the same rates. An illustration of the splendid rates that have been granted, the fare from San Antonio for the round-trip will be but \$3.14.

Diamond Loop Meeting.

Telegraphic advice was received yesterday from J. A. Graham of San Antonio advising that it will be arranged to have the Diamond Loop meet on January 19. E. E. Craig, secretary of the Texas Good Roads Association will have charge of the arrangements and it is expected that the towns along the loop will have strong delegations for the occasion.

The object is to build a modern highway from Corpus Christi to San Antonio in Loredo to Brownsville in Corpus Christi.

The Opening Day.

The first day of the Exposition will be officially known as Children's Day, Diamond Loop Day and Press Day. The second day will be Woodman of the World Day. Other organizations will doubtless arrange for district meetings during the progress of the Exposition and if they will notify Secretary Farris he will be glad to assign dates.

Encouraging reports featured the dispositive meeting, there being a unanimous sentiment that the Exposition next January is to be a great success and that it is the forerunner of annual Expositions that will redound to the mutual advantage of the Gulf Coast section.

Encouraging Reports

"While of course Corpus Christi will derive a wonderful benefit from the fact that the Exposition will be held here," said President Pope, "All South Texas will profit to a large extent by the exhibits from the counties of the Gulf Coast country which will show to several thousand visitors from other sections of Texas and from other states the wonderful possibilities of the Gulf Coast in the raising of agricultural products and the raising of live stock."

"I am glad to see Rockport, Aransas Pass, Kingsville, Brownsville, San Diego and other towns of this section of the state exhibit such a splendid interest in the Exposition and I am delighted to hear of the many exhibits that are being arranged."

The most expensive picture ever produced, and the only one of the kind in existence.

Matinee 10c and 15c—Night 25c

METHODISTS OF SOUTH BLUFF ORGANIZE CHURCH

Presiding Elder Sessions Will Conduct The First Service Next Friday Evening

Several Methodists residing on South Bluff met last Tuesday night with their pastor Rev. V. V. House and inaugurated steps for the organization of a South Bluff Methodist Church. The meeting was held at the residence of D. M. Appling on Hancock Avenue.

The given building on Bayou street will temporarily be used as a church-house, later it being planned to erect a house of worship commensurate with the importance of the denominational interests in Corpus Christi. Both Sunday School and church services will be held Sunday December 12.

The initial services will be held next Friday night with Rev. T. V. Sessions presiding elder of the Nevada district to deliver the sermon.

Encouraging Reports

"While of course Corpus Christi will derive a wonderful benefit from the fact that the Exposition will be held here," said President Pope, "All South Texas will profit to a large extent by the exhibits from the counties of the Gulf Coast country which will show to several thousand visitors from other sections of Texas and from other states the wonderful possibilities of the Gulf Coast in the raising of agricultural products and the raising of live stock."

Submarine Pictures

REX THEATRE TODAY

Movie Patrons Immensely Pleased With The Williamson Pictures First Shown Here Yesterday

The wonderful Williamson submarine pictures are to be shown again, just once more, at the Rex theatre, today. The first showing of the first and only motion picture of the life under sea, in seven reels of absorbing interest in every foot of film, were shown for the first time in Corpus Christi yesterday and so much were they appreciated by the public that a second showing was found necessary.

The wonder of the achievement shown in the time and money, the vivacity of the depth that are presented are such as to amaze and entrance.

"At the bottom of the sea," has been for ages an expression carrying force of mystery. To see these pictures the second showing was found necessary.

The pictures will be shown at the Rex this afternoon.

Guardian—Mrs. Alice Kanipe.
 Adviser—Mrs. Alice Cherryhomes.
 Banker—Miss Olive Moore.
 Clerk—Mrs. Lillie Rankin.
 Attendant—Mrs. Addie Shaw.
 Assistant Attendant—Mrs. Laura Womack.
 Chaplain—Mrs. A. C. Doughty.
 Inner Sentinel—Mrs. Nancy Johnson.
 Outer Sentinel—Mrs. Eddie Lege Fletcher.
 Treasurer—L. V. Mallett.
 and G. W. Gregory.

JOE HIRSCH LEAVES FOR NEW ORLEANS MEETING

Managing Editors of Many Southern Dailies to Meet With Bankers of Cotton States

Joe Hirsch, president of the Texas Bankers' Association last night left for New Orleans to preside at the Conference of Cotton States Bankers to be held next Monday and Tuesday. In an interview with the Caller prior to his departure he said:

"Relative to the Cotton States Bankers Conference I have been advised today that a number of the managing editors of dailies of the South will attend the conference and will plan a Southwide publicity movement working jointly with the bankers, in a combined agitation for the gradual marketing of the 1915 cotton crop and to secure a high price for the same."

As for the bankers, we are assured that not only will we have a large attendance from the Southern states, but I have also been advised that representatives will be in attendance from New York, Chicago, St. Louis and other cities out of the cotton belt.

W. P. G. Harding, a member of the Federal Reserve Board, Dr. Bradford Knapp of the United States Department of Agriculture and many other prominent men will attend and participate in the discussions.

COUNTY HOSPITAL PLANS INFORMALLY DISCUSSED

Committee of Nine Will Devise Ways and Means For Securing County Hospital

At an informal meeting of local physicians in the Recorder's Court room last night, attended also by three women, interested in the consummation of the proposal, a committee of six was appointed to devise ways and means of establishing in Corpus Christi a County Hospital, an institution which would be beneficial and affording relief to all in any and proper cases of treatment of diseases.

This committee is composed of doctors P. D. Spill, A. W. Davidson and Joseph D. Cote, and Messrs. Amos S. Robinson, William Gerhard and G. H. Scott. Present at the meeting were besides the committee members, Doctors H. H. Glass, H. E. L. Ebbel, Herbert Caldwell, T. J. Turpin, John H. Grant and Sherman T. Dodson, who presided.

C. H. S.

Adverse business conditions prevailing throughout the country have forced many discriminating smokers to use less expensive cigars. A large array of appreciators of Quality in consumption naturally turned to C. H. S. which is recognized by the keener dealers as the best five-cent cigar ever produced. It is true the C. H. S. bears a small margin of profit but the immense volume of sales will more than justify dealers in handling this premium five-cent cigar.
